EDUCATION
BSc. Electrical and Electronics Engineering Ashesi University, Berekuso Graduated: August 2024
Exchange Program California Polytechnic State University San Luis Obispo, California Jan-Jun 2023
TECHNICAL SKILLS
- Renewable Energy Systems - Power Electronics - Electric Vehicles - Control & Energy Management - Embedded Systems
SOFT SKILLS
- Effective communication and interpersonal skills - Strong attention to detail and accuracy - Ability to work independently and as part of a team
SOFTWARE & TOOLS
- MATLAB & Simulink - PV*SOL - SolidWorks - LTspice - PSCAD
PROGRAMMING
- Python - C - Java - JavaScript
LANGUAGES
- English (Fluent) - French (Intermediate)
RECOGNITION
- Audience Award, Falling Walls Lab Accra (2026) - Best Resident Assistant Award (2023-2024) - Proactive AIX Coach Award

ALLEN KPENTEY ELECTRICAL ENGINEER RESEARCHER COMMUNITY LEADER
PROFILE
Electrical Engineer and community leader applying engineering, entrepreneurship and service to sustainable mobility, renewable energy and student development. Experienced in leading initiatives, mentoring others and translating ideas into practical solutions with measurable community impact.
LEADERSHIP & COMMUNITY ENGAGEMENT
Founder – Todoke , Campus E-bike Delivery Initiative September 2024 - Present - Led the development and launch of Todoke, Ashesi’s e-bike delivery service. - Created jobs while expanding access to sustainable campus delivery.
Resident Assistant , Ashesi University September 2023 - August 2024 - Mentored residents, built community, and mediated conflicts. - Strengthened residence life and earned Best Resident Assistant award.
Vice President - Volleyball Club Ashesi University September 2023 – July 2024 - Introduced and organized Ashesi Volleyball Club’s current league. - Created regular competition and increased student participation.
Co-founder - Ashesi Photography & Media Club , Ashesi University March 2024 - Co-founded the club to create a collaborative space for students and creatives. - Expanded opportunities for students to develop media skills
Organizer - Pute Beach Cleanup Community Engagement March 2024 - Mobilized volunteers and coordinated a community beach cleanup. - Removed approximately 3 tons of waste from Pute Beach.
Coach - Ashesi Innovation Experience (AIX) , Ashesi University July - August 2022 - Tutored design thinking, coding and debugging smart-home projects. - Inspired students to explore engineering and STEM career pathways.
WORK EXPERIENCE
Research Assistant , Ashesi University - Berekuso September 2024 - Present - Coordinate research schedules, documentation, and project deliverables. - Support experimental testing, data collection, and analysis. - Prepare technical reports and track progress across research projects.
Engineering Intern , Electricity Company of Ghana - Teshie, Accra June - July 2022 - Installed three-phase transformers and redistributed loads to reduce overloading. - Repaired faulty meters and supported power distribution line maintenance.
PROJECTS & TECHNICAL IMPACT
SME SolarSizer — Solar Sizing Web Application June 2026 - Present - Developed a web tool that automatically sizes solar PV, batteries, and inverters for SMEs. - Simplified solar-system planning by turning energy-use data into practical system recommendations.
Solar Powered Smart Bench January 2025 - Present Renewable Energy Research Project September 2024-Present - Designed and validated an off-grid smart bench integrating 1.1kWp solar PV and battery storage. - Enabled renewable-powered charging infrastructure for the Ashesi campus.
Advanced Utility Renewable and Regenerative Automobile April 2024 - Present - Led development of a solar-assisted EV integrating regenerative braking. - Won the Falling Walls Lab Accra 2026 Audience Award for its clean-mobility potential.
